Dear Hiring Manager,

I am excited to apply for Software Developer at your respective organization and I am confident that my qualifications and experience make me a strong candidate for the position. I am eager to contribute my skills & enthusiasm while gaining valuable experience within a dynamic environment.

Throughout my academic journey pursuing Bachelor's of Engineering, I have developed a strong understanding in Programming Languages like Java, Html, CSS, Python & React. Additionally, I am proficient in Ms Word, Ms Powerpoint, Ms Excel, Android Studio, Javascript & Sql which I believe aligns well with the requirements of the position. My dedication to excellence, coupled with my eagerness to learn, will make me a valuable asset for this job.

In my previous roles, including my recent position as an Assistant Manager at Jio Platforms Limited, I have gained valuable experience managing two projects independently. This experience has honed my management skills, ensuring timely project delivery, and enhanced my communication and problem-solving abilities. Furthermore, internships at Reliance Jio Infocomm Ltd and Globalsoft Infosystems have contributed to the development of my interpersonal and teamwork skills. I am enthusiastic about the opportunity presented and believe that my qualities will contribute positively to your team.

Thank you for considering my application. I am passionate to contribute my skills & knowledge to the University. I am confident that my experience & skills makes me a strong candidate for this position and I look forward to discussing my qualifications further with you.

Sincerely,

Jasmeet Kaur Dhanota
